DEPARTMENT OF LAW AND PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
BOARD OF CHIROPRACTIC EXAMINERS

IN THE MATTER OF

Scott White, D.C.
License No. MC4139

Administrative Action

CONSENT ORDER

This matter was opened to the New Jersey State Board of Chiropractic Examiners (hereinafter "the Board") upon receipt of information that Scott White, D.C. (hereinafter "Respondent") wished to appear before the Board to seek reinstatement with conditions of his license to practice chiropractic in this State, which was revoked on October 8, 2001, based upon his criminal conviction for sexual contact in the fourth degree with an adult female patient.

On February 22, 2007, Respondent appeared *pro se* before the Board, together with Louis E. Baxter, Sr., M.D., FASAM, Executive Medical Director, Professional Assistance Program of New Jersey, Inc., (hereinafter "PAPNJ"), which had been monitoring Respondent's recovery from alcohol dependency since 2005. The Board received the recommendations of PAPNJ for the conditions under which it supported the reinstatement of Respondent's license. Respondent testified that he was agreeable to the recommended conditions, and had fulfilled all requirements of the October 8, 2001 Order of the Board.

Therefore, Respondent having agreed to said conditions upon the reinstatement of his license, and for good cause shown:

IT IS ON THIS 24th DAY OF January, 2008

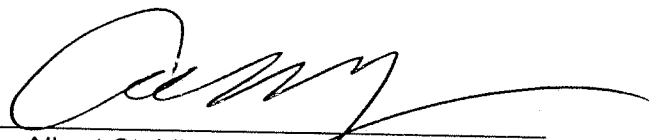

HEREBY ORDERED AND AGREED THAT:

1. Respondent's license to practice chiropractic was reinstated effective February 22, 2007, subject to the conditions in paragraphs 2 through 7 of this order, which reinstatement with conditions this order memorializes;
2. Respondent shall absolutely abstain from all psychoactive substances, including alcohol, unless prescribed by a treating physician for a documented medical condition with notification by the treating physician to the Executive Medical Director of PAPNJ of the diagnosis and treatment plan;
3. Respondent shall, at his own expense, submit to weekly random urine screens under the supervision of PAPNJ for the first six months of his return to practice; and thereafter, at a frequency deemed appropriate to his duration of recovery in the sole discretion of the Executive Medical Director of PAPNJ;
4. Respondent shall continue his participation with the PAPNJ, and shall have face to face contact with clinical representatives from that program at a frequency deemed appropriate to his duration of recovery in the sole discretion of the Executive Medical Director of PAPNJ;
5. Respondent shall attend 12-step self-help group meetings not less than three times weekly;
6. Respondent shall be responsible for ensuring that PAPNJ provides the Board with quarterly reports regarding his compliance with the monitoring program.

7. Respondent shall provide any and all releases to any and all parties who are participating in the monitoring program as outlined in this order, as may be required in order that all reports, records, and other pertinent information may be provided to the Board in a timely manner.
